

A to Z at the Aquarium - Something

Directions: You may complete this activity two ways - go to the Birch Aquarium (which is definitely more expensive) OR you may look up the information online or using a library. If you go to the aquarium, bring a couple of pencils, as you will be requiring verification (see the last page for details) and **KEEP YOUR TICKET STUB**.

What is today's date?: _____

What time did you start this assignment?: _____

When did you finish? _____

Total time spent on this assignment? _____

Take a look at the table below. You are required to find 26 fish with common names that begin with each letter of the alphabet. You will find their scientific name and some details about the natural history of the animal. Natural history items might include (but are not limited to) how it obtains food, habitat, geographical territory, identifying characteristics and behaviors.

Resource Listing

If you actually went to the Birch Aquarium, then make a rubbing from a plaque in the box below and staple your stub to the paper.

Make Rubbing Here

Staple Ticket Stub Here

If you did your research with books or the internet, list the resources you used here (provide full citation).
